permitting the University to entrust its Printing work to Private Presses

Continuation Sheet. File No. 43 434/A7 of 43 Page. -73

From the Registrar,
University of Mysore
Letter No. A4-193/43-434 dated 21-7-1943.
Requests in the circumstances mentioned, (1) that the University be exempted from the operation of the provisions of the G.O.s dated 17-2-41 & 13-3-42 & 2) that it be permitted to entrust its printing work to private presses, when & when necessary, subject to certain general principles specified therein.

Subsd. The Corrections leading to the issue of the G.O.s in question are stated to have been not received in Records. If agreed, the A. & J. Branch will be requested to put up these Corrections & also furnish remarks on the proposals of the University early.

SECTION G VT. 1893 13/11/43

Log. V. TM 15/11/43

Retransmitted with compliments:-

11) The University want exemption from the operation of the Government Order No.A.G.369-438/P & S.67-38-28, dated 17th July 1941, which lays down certain rules for entrusting printing work of Government Departments to private presses in the State as a measure of patronage, for reasons stated against each of the classifications under which the University divide their printing work:-

I. EXAMINATION:- All the works connected with examinations, such as candidates' lists, admission tickets are proposed to be got done in private presses preferably by the G.T.A.Press at Mysore or the Wesley Press at Mysore and the Bangalore Press at Bangalore, without inviting

inviting tenders, since the work is complicated, have to be executed and required at schedule times. For the very reasons stated it seems to me that such work ought to be entrusted to the Government Branch Press at Mysore, or the Government Press, Bangalore, which are quite capable of handling such work in addition to the Question paper printing work, especially when the University do not want to follow the tender system in entrusting the work.

II. PUBLICATIONS:-- The two publications namely the Prabudha Karnataka (Kannada) and the University Journal are proposed to be entrusted to the Wesley Press, Mysore and the Bangalore Press, Bangalore, without following the tender system on the score that the quality of work will suffer. For the reasons already stated, regarding item (I) the work could also be undertaken by the Government Presses without deterioration in quality but before doing so the Photo-Zinco Section for which equipment has been ordered has to be started at Bangalore and also the re-introduction in the Government Press of old face Kannada type in addition to the existing Kannada face is necessary. Steps are being taken about this.

(b) Since Volume I of the Calendar is being entrusted to the Branch Press, Volume II also may be entrusted to the Branch Press or the Central Press at Bangalore.

As regards Kannada publications, it is stated that the work is being got done on the basis of competitive quotations from private presses. As per Government Order quoted above, it is better if the tenders received are scrutinized at the Government Press, to ascertain whether the lowest tender rate is more advantageous than what it would be if the work is done by the Government Presses.

(c) Extension work and miscellaneous printing:-- Among the works named some items of work were being entrusted to the Government Presses formerly. Since they have got to be done according to a Calendar of dates, the University want to entrust the work without following the tender system.

In view of the Budget session of the Representative Assembly, being ordered to be held at Bangalore, the occasions on which the Government Branch Press is not able to attend the University work in preference to Government work have been lessened. Except for University question paper work and the Convocation work, it is not usual to arrange overtime for University works. Since most of the works named have to be done according to a calendar of dates prescribed by the statutes and are of a recurring nature, if a proper programme of work is drawn up for these works and they are entrusted to the Govt. Branch Press it is possible to execute them satisfactorily making overtime arrangements in exceptional circumstances, and thus avoid the procedure of entrusting work to private concerns without following a tender system.

Since the Government Branch Press, Mysore and the Central Press, Bangalore, have had their equipment modernised and the establishment added on from time

29.12

Received 6.1.44

15) For the reasons stated by the Supdt., Govt. Printing, Mysore the procedure suggested by him at para 11 supra may be accepted as forwarded.

17/1

Permitting Univ to entrust its Printing work to Private Presses

1) The proposal of the Registrar to exempt the University from the operation of the rules governed by the GOs dated 17.7.41 and 13.3.42 cannot be accepted. Apart from the G.T.P., Weekly and Travancore Presses, it is not likely that there may not be well equipped presses that may execute the works entrusted to them in a satisfactory manner and well in time too.

2) Further the question of entrusting most of the University work to any private presses does not now arise at all, as the Supdt Govt Printing in his unofficial note has stated that the Govt Press is now capable of undertaking the works mentioned therein. On the proposals of the Supdt Govt Press being accepted, the remarks of the University may be obtained before final orders accepting the same are passed, to see if there is any serious objection of the University contained on any point in the proposals.

GENERAL SECRETARIAT

No.A. Edc one 3-44. Dated 14th April 1944.

Reply, with compliments.

21/ The University is agreeable to entrust the whole of the Printing work of the University to the Government Presses subject to the following conditions:--

i. There should be no delay in the issue of publications of the University Journal, Prabuddha Karnataka, University Calendars (Vols. I and II), Annual Report, Kannada publications, Extension Lecture Handbooks etc. The date from which these have to be transferred to the Government Presses may be intimated.

ii. It is presumed that the University Diplomas will also be printed at the Government Press (Sample enclosed).

iii. Agenda and Proceedings of Statutory bodies must be printed and supplied according to prescribed dates.

iv. Candidates' lists for University Examinations and other allied matter must be supplied within the prescribed date.

The University must however be empowered to entrust work to private presses in cases of emergency.

By Order,

REGISTRAR.

GENERAL SECRETARY
17 APR 19..

Subd

(22) For orders whether this may not be referred up. by. to the Supdt., Govt. Printing for further remarks, if any, on the up. note by the Registrar at para 21 supra

WD 01809—GPB—60,000—26-1-43

23) There is naturally a marked difference of opinion between the Registrar and the Supdt Govt Printing & that is therefore considered whether the entire work of printing connecting the University may not be entrusted to the Supdt Govt Printing instead of allowing the Registrar to make recourse to private presses for executing printing. The Registrar must place the printing work before the Supdt well in time so that it may be attended to by the latter promptly.

2. As regards para 19 of the Registrar's D/L dated 19/4 and the official note, it may be stated that the Registrar can be permitted to have recourse to private presses only such work as manuscript Govt Stg. who will have to be consulted may plead unable to print & supply within the stipulated time.

3. The file may now be referred to the Supdt Govt Stg for further remarks, if any, before passing final orders in the matter.

Retransmitted with compliments.

From the replies of the Registrar it is to be presumed that the Private Presses Viz. The G.V.A. Press, The Wesley Press and the Bangalore Press are not prepared to undertake University work as per G.O. no A.F. 36 9-438 Pts 67-38-28 dated 27th July 1941 and that all the University work may therefore be undertaken by the Govt Press

As already stated in my previous note the printing of the Prabuddha Karnataka and the University Journal may be continued to be got done at the Private Presses as per existing terms as it will take some time to obtain the equipment for the Photo-Lino section and also to introduce old face Kannada types. Further, the printing of University Diplomas cannot be undertaken at the Govt Press till the necessary quality of imitation Parchment Paper is stocked by the Stationery Depot. (obtained from abroad and)

A spirit copy of a Diploma is necessary to be taken for the archives.

Excepting the above items all other printing work of the University, which mostly consists of only Circular work with little printing and binding, may be entrusted to the Govt Branch Press, Mysore for the next academical year. Though overtime work will be arranged for emergent university work it is expected that reasonable time will be allowed as at present, for all routine work of the University. The work that cannot be conveniently handled at the Branch Press will be handled at the Central Press, Bangalore.

MYSORE.

Pts 99-43-1

To

GENERAL SECRETARY. 23 JULY 1943 Mysore

Safi Darashah Esq., B.A.,
General Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE.

S i r,

With reference to G.O.No.A.E.369-438/P & S 67-38-8 dated the 17th July 1941 further modified in G.O.No.A.F.4873-4948/P & S 98-41-5 of the 13th March 1942 in the matter of entrusting printing work to private presses, I am directed to bring the following facts to the kind notice of Government in respect of University Printing:-

According to the procedure prescribed in the Government Orders referred to above, in all cases of printing work entrusted to private presses tenders and quotations have to be called for and the same sent to the Superintendent, Government Printing, Bangalore, for scrutiny and opinion regarding the rates, before any work is given to a private press and the bills have also to be sent to the same Officer for scrutiny after the work is completed. It is not easy for the University to adopt this rule strictly in view of the following:-

The printing work in the University may be broadly classified as under:-

(i) Examinations:

Time Tables
Question papers
Candidates' Lists
Admission Tickets etc

(ii) Publications:-

University Calendar

P.T.O.

University Journal
Kannada Publications
Prabuddhakarnataka
Oriental Library Publications
Archaeological Publications.

(iii) Extension Work:-

Lecture Notices
Handbooks

(iv) Routine printing work connected with the administrative and academical needs of the University office including Pay and Accounts Section and other ~~Unite~~ University Bodies laid down in the laws of the University.

(i) Examination: Question papers are printed at the Government Presses as they are very confidential. Candidates' Lists and other items of work such as admission tickets etc., are printed in private presses. The items of work connected with University Examinations are complicated and heavy, and the printing also has also to be done expeditiously having regard to the tim- --- r and great care has therefore to be taken to avoid delay. These works (except the question papers) have to be got done by the local presses alone, and there are very few private presses in Mysore City which can cope with this work. Hence it is not possible to call for estimates for this type of work, in view of its nature and urgency connected therewith.

(2) Publications:

(a) The Prabuddhakarnataka (Kannada) and the University Journal (English) are printed at the Wesley Publishing House and the Bangalore Press respectively. Considering the fact that the University Journal has gained an international reputation and that the Prabuddhakarnataka has made a mark in the field of Kannada Literature as an all-Karnataka organ, the present standard of printing and get up has to be maintained in respect of these journals. Tenders cannot be called for in respect of the printing of these Journals, lest the quality of printing and the get up should deteriorate, if

the work be entrusted to any press which may happen to tender the lowest rates, with a view to securing business.

(b) University Calendar Vol.I which is an annual publication and the Oriental Library and the Archaeological publications are being got printed at the Government Press. Calendar Vol.II which is printed periodically is being given to the G.T.A. Press. The Kannada Publications are being got done on the basis of competitive quotations from private presses.

(3) Extension Work and Miscellaneous Printing:

Works connected with the Extension Lecture notices and handbooks, miscellaneous items such as Agenda and Proceedings of the Senate, the Academic Council and the University Council, the Annual Report, the Annual Schedule of Establishment, Diplomas, etc., are printed in private presses. These items of work will have to be done according to a Calendar of dates as prescribed by the Statutes of the University. By their very nature, they do not admit of tenders being called for and also there will not be time to call for quotations in respect of work connected with the meetings, reports etc. Often the Government Press is not also in a position to take up the University work conveniently due to pressure of other important and urgent works. At such times it will be absolutely necessary to entrust the work to local private presses and the formalities of calling for tenders etc., cannot be followed..

From the fore-going , it will be seen that the University has of necessity to depend on some reputed private presses for its printing works and these works are being got done all these years usually at the G.T.A. Press and the Wesley Press at Mysore and occasionally at the Bangalore Press in Bangalore. As these presses are giving satisfacto

service, it is necessary and desirable to continue this arrangement, the rule regarding the tender system etc., being relaxed in the case of the University.

Under these circumstances, I am to request you to be so good as to obtain kind orders of Government exempting the University from the operation of the provisions of the Government orders referred to above and permitting the University to entrust its printing work to private presses where and when necessary subject to the following general principles:-

Arrangement for printing:

(a) All items of printing works of the University now given to the Government Press will continue to be got done by that press.

(b) The 'University Journal' and 'Prabuddhakarnataka' will continue to be got done by the Bangalore Press, Bangalore and the Wesley Press, Mysore,

(c) The tender system will be followed in respect of all University Kannada and other publications excluding Oriental and Archaeological publications which are printed at the Government Press.

(d) All other items of printing works will be got done by the local private presses, preferably by the G.T.A. or the Wesley Presses at Mysore and the Bangalore Press at Bangalore, without inviting tenders.

RE: Payment:

Where tenders are called for and accepted in the case of private presses, the bills may be passed and paid by the University with reference to the accepted tender rates.

Where tenders are not called for, the bills may be passed by the University with reference to the Schedule rates sanctioned

Sanctioned by Government from time to time, subject to a margin of 30% (maximum) over those rates.

I have the honour to be,
Sir,
Your most obedient servant,

Chas Krishnamurthy
